

At **Microsoft**, we work to help people and businesses throughout the world realize their full potential. Enterprise business solutions and software products such as **Microsoft Project 2013** help individuals, team, and organizations prioritize investments, better manage resources, and gain control across all types of work, from simple tasks to complex projects and programs.

Microsoft Project offers flexible online and on-premises solutions for project portfolio management (PPM) and everyday work, enabling you to effectively execute and achieve strategic priorities. Project helps you easily plan projects and collaborate with others from virtually anywhere. Built on **SharePoint**, **Project Server** and **Project Online** provide new choices for teams, departments, and large organizations to adopt lightweight or rigorous approaches to PPM.
